

**3.1.1.3.2 Projects Outside of Normal Expenditures** Certain projects not listed or generally described in this manual have been determined to be outside of normal project expenditures. If the sponsor of an air carrier airport uses state entitlement funds for such a project, the state's share of the project cost will be counted against new requests for state discretionary funding. DOAV will maintain an accounting of project activity outside of normal project expenditures. When a sponsor for an air carrier airport requests state discretionary spending, the balance in the accounting will be deducted from the state's share of the requested project. Projects will be retained in the accounting until they are deducted from a state discretionary project request or they have been on record for six fiscal years, at which time the projects will be removed from the accounting.
